SUMMARY

Software engineering student at SDU, working part-time at 2ai, a Danish startup that automates marketing for small businesses. I build AI features and keep them running in production. Finalist at the Council of Europe Democracy Hackathon, Strasbourg 2026.

PROFESSIONAL EXPERIENCE

Software Engineer (Part-time) — **2ai, Sønderborg | April 2026 – Present**

- **AI landing page generator:** turns real web pages into reusable templates and fills them with a client's own text, photos and colors. Used by our customer success team today.
- **Company discovery:** finds a company's website and social profiles from just its name, tested against a 125-company benchmark.
- **Meta Ads sync:** keeps clients' Facebook and Instagram ad data up to date (webhooks, rate limits, retries).
- 900+ commits to our main Next.js web app. I run the Docker deployments for the services I own.

Backend Developer (Intern) — **AIFustion StartUp | June 2024 – Nov 2024**

- Backend services and APIs in C# / ASP.NET with MSSQL and Entity Framework.

PROJECTS

more at maxdnes.is-a.dev ↗

AgnoSpeech, Council of Europe Democracy Hackathon — **Strasbourg, June 2026**

Finalist, top 4 of 20 teams. Strips author identity from hate speech data so it can be shared safely, fully offline. I owned the backend and the deployed app.

Tom, AI colleague with a physical body — **2ai**

Internal AI teammate that lives in Teams, our dashboard and a desk robot. I handled its deployment and the robot's remote connection.

Portfolio — **maxdnes.is-a.dev**

A retro NeXTSTEP-style desktop in the browser, no framework.

EDUCATION

BSc Software Engineering, University of Southern Denmark — **Sep 2025 – May 2028**

SKILLS

- **AI Engineering:** LLM agents, MCP servers, tool design, evaluation and benchmarks, LLM cost tracking
- **Frontend:** Next.js, React, TypeScript, Tailwind CSS
- **Backend:** Node.js, NestJS, Python, C#, ASP.NET, REST APIs, background jobs
- **Data & Infra:** PostgreSQL, Supabase, Prisma, MSSQL, Docker, Vercel, Coolify, GitHub Actions, Linux
- **Languages:** English (C1, IELTS 8.0), Russian (native), Romanian (native)
